-Hours of fun and nothing less. Great fighting game. Definitely worth a buy if you're a NARUTO fan.. Better than Jump Force :V. Great game.

Story is great. It follows the ending of Naruto Shippuden and starts where UNS3 ends. These games are a great filler free way to get the main gist of the story.

Pros:

Great Story

Beautiful graphics V cutscenes

Super fun for 2 player versus battles

Updated with Road To Boruto expansion

Cons:

Limited graphics settings

No online community anymore

It's overall worth it especially if you can catch a good sale.

It's a ton of fun, especially if you can get some friends together for some vs battles
